The public is welcome to attend all BHS BSEP committee meetings. The budget that this committee develops each year uses the discretionary site funds that are allocated to each school site as outlined in the Berkeley property tax Measure A to fund "Programs to Enhance Student Learning." You may read the entire measure at this website: <http://www.berkeley.net/BSEP/> The purpose of the BSEP Site Committee is "to develop a budget to allocate BSEP/Measure A School Site Discretionary Funds for the personnel, services and materials required to deliver effective activities leading to improved student performance as outlined in the Single Plan for Student Achievement." The committee will have over \$600,000 available to allocate to site enrichment programs for the 2015-2016 school year. Contact co-chairs for more information.
